MEMORANDUM FOR: [REDACTED]

STAT

SUBJECT: Image Perceptability Study

REFERENCE: Telephone conversation 23 August 1965.

Enclosed is the proposal mentioned to you over the phone. As you will note, the proposal was updated and expanded twice occasionally referencing the Modulated Light Viewing Table program. The eventual return of these copies would be appreciated, but there is no time element involved.

Either [REDACTED] or myself will contact you within the next few weeks to propose a meeting with you. Your cooperation is certainly appreciated.
